)	

DECLARATION OF LISA K. JENNINGS UNDER 37 C.F.R. § 1.132

I, LISA K. JENNINGS, pursuant to 37 C.F.R. § 1.132, hereby declare:

1. I am a co-inventor for the above-identified patent application. The other co-inventors are Celia M. Longhurst and George A. Cook.
2. I am also a co-author of Celia M. Longhurst, Jonathan D. Jacobs, Melanie M. White, Joseph T. Crossno, Jr., Deborah A. Fitzgerald, Jianxong Bao, Thomas J. Fitzgerald, and Rajendra Raghav on the publication entitled: "Chinese Hamster Ovary Cell Motility to Fibronectin Is Modulated by the Second Extracellular Loop of CD9: Identification of a Putative Fibronectin Binding Site," *J. Biol. Chem.* (e-publ. June 14, 2002).
3. The invention described and claimed in the above-identified application was conceived solely by me and my co-inventors. Other than Celia M. Longhurst, none of the other co-authors identified in paragraph 2 above contributed to the conception of the invention as described and presently claimed in the above-identified application. While these other co-authors contributed to the publication, they worked under my direction and control or performed work that was not relevant to the conception of the peptides per se.

4. I hereby declare that all statements made herein of my own knowledge are true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that any such willful false statements may jeopardize the validity of the application or any patent issued thereon.

Dated: June 30, 2008

/Lisa K. Jennings/
